

Elope To NYC

December 3, 2010

Think of it...just you and him in the city that never sleeps. An elopement in New York City sounds ultra-romantic and fabulous to me and the historic **Carlton Hotel** has just launched a fantastic **Elope to New York** package. A little info about the hotel: the Carlton is a luxury hotel located in mid-town that opened in 1904 and recently underwent a multi-million dollar renovation. It is an absolutely stunning property in a great part of the city and boasts one of the best hotel lobby's in NYC. With the Carlton's Elope to New York package all the details of your wedding day are tied into a neat little bow for you, no stress required. It includes:

- Three nights in a Standard Room at The Carlton Hotel.
- A bottle of champagne.
- A bouquet of Roses for the bride on the wedding day.
- Three-hour limousine service to escort couples to their wedding venue.
- Up to two hour photo shoot with a professional NYC photographer and the resulting disk of photos.

Package prices start at \$2,279 (USD) per couple and are based on availability. Sounds like wedding planning made easy to me. If you're looking to go intimate, this is an amazing way to do it.
